(You can choose either NY Strip or T-bone. If you want NY Strip, you can also take tenderloin steaks but if you want T-bone steaks, you cannot do NY strip and tenderloin as these come from the same cut. If you choose Chuck steaks, it will lower the number of roasts as these come from your chuck roasts. Any animal over the age of 30 months cannot take T-bone steaks as these need to have the back-bone Removed according to federal law, so you are able to do NY Strips and Tenderloins with these.
