 - Unsmoked(1.49/#)
 - Smoked(2.52/#)

	#/pk

Generally on an average hog you might get 20-30 pounds of trim.
 We can leave this as plain ground pork, or make sausage out of it. Our
 bulk sausage we require a minimum of 10 pounds per batch, and anything
 stuffed we require a 20 pound minimum batch. So if your hog is average size
 you can expect to do at most 2 batches of bulk or 1 batch of stuffed. If you have a
 smaller hog, or a larger hog this could change, so we give you 1st, 2nd, and 3rd
 choice to fill in. If you only want one or two options, just fill in those options and we
 will split between them or do minimum batches of each if you have enough trim.
 Please mark with 1, 2, 3 to show 1st, 2nd, or 3rd choice.
